There will be a knowledgeable guide who guides you through the distillery.

ADD ON

It is possible to enjoy a meal in the restaurant, or have a tasting of more of Nyborg Destillery's spirits. It is also possible to make a stop at one the old merchants houses in Nyborg for a tasting with other produce such as the famous rygeost (smoked cheese), which originates from Denmark.

FUN FACT

DSB (The Danish Railways) had one of their workshops in Nyborg. Nyborg have had several train stations, and was of the busiest train stops in Denmark, due the ferries across the Great Belt.
